MEMORANDUM

TO: Files  
FROM: Jack A. Wilson, Acting Commissioner  
Bureau of Environmental Protection  
DATE: December 3, 1979  
SUBJECT: Hazardous Waste Transporter

DIV. OF HAZARDOUS MATERIAL  
AND WASTE MANAGEMENT

A call came in on the hotline from Mrs. Linda List, regarding the Valley of the Drums, on November 28, 1979. I returned the call and Mrs. List's concerns were negligible. Her main interest was to promote a property broker for the transportation of hazardous waste. Thus, U. S. Traffic Coordinators, P. O. Box 11009, Louisville, Kentucky 40211, telephone number 776-1809 should be added to list of potential contractors for any R.F.P. on "Valley" cleanup.
